# Timekeepers & timing equipment

## AUTHORITY

The ACU appoints all grades of timekeeper annually from 1st January each year. Persons operating timing equipment to an accuracy of greater than 1 second must be licensed.

All timing equipment used at licensed events must be certified in accordance with the table below. All certificates of accuracy must be available for inspection at each event.

## DUTIES

Each timekeeper is responsible for the authenticity of the times taken and the results issued, substantiated by having the correct licence for the grade of event and by using the appropriate correct identifiable equipment for the type and grade of the event.

Timekeepers are categorised as follows:

**FIM TIMEKEEPERS.** Who may take charge of the timing of any event as licensed by the FIM. They are particularly appointed to take charge of the timing at events counting towards a World Championship or FIM title and at World Record attempts.

**GROUP 1 TIMEKEEPERS.** Chief timekeeper for National or International meetings.

## DUTIES AND RESPONSIBILITIES OF A GROUP 1 TIMEKEEPER

In order to achieve the grade of Group 1 timekeeper, the applicant must have served at and taken charge of at least ten events over two consecutive seasons under the supervision of senior timekeepers. At least two of those events will be subject to the appraisal of an approved mentor, at one venue known to the applicant and one nominated venue.

Individually, all Grade 1 timekeepers may be subject to appraisal and interview by at least one senior timekeeper nominated by the ACU.

Appointments to International grade remain the sole responsibility of the ACU.

In exceptional circumstances the timescales quoted above may be altered after reference to the respective organizers, Chief timekeepers and/or the ACU.

The ACU reserves the right to amend and change the grades of all timekeepers.

The applicant will be appraised in accordance with the following criteria:

## PLANNING

The timekeeper will demonstrate an ability to plan the equipment requirement for the event. He/she will ensure that the needs of the organisers are met as follows:

- The timing equipment selected for the event is appropriate and matches the requirements of the organisers.
- The timing equipment selected has the correct and valid certificate of accuracy.
- The beams, cabling and associated equipment are compatible with the timers.
- The results equipment is appropriate for the service required, and if electronically linked to the timing equipment, the two are compatible.
- The backup equipment is appropriate for the event.
- The timer and associated equipment is checked for readiness for use.

## PLANNING THE PERSONNEL

- The licence grades and competencies of the personnel are appropriate for the event.
- The number of personnel is adequate for the event.
- All personnel are informed of their duties in adequate time.
- Transport arrangements, accommodation and arrival times are clear and appropriate.

The timekeeper will be able to identify risks in the planning and deal with any contingencies.

## ORGANISATION AND MANAGEMENT

- The range of duties needed for the event is identified
- All timing service personnel sign the ACU disclaimer.
- Duties are allocated according to the competencies of individuals.
- Duties and requirements are explained and understood by all team members.
- Appropriate lines of communication between the timing team and the organisers are identified, agreed and established.

- Prior to and throughout the event risks are identified and dealt with efficiently and effectively.
- All team members are treated in a courteous manner.
- Identify risks in the above and deal with any contingencies.

#### COMMUNICATION WITH OFFICIALS, COMPETITORS, COORDINATORS AND OTHER RELEVANT PERSONS

- The roles, responsibilities and identities of the officials and other event personnel are understood by the timing team.
- All persons are dealt with in a courteous and polite manner.
- All requests for information or services required from the team are assigned to the appropriate personnel to answer or provide.
- Such requests are dealt with in a clear and concise manner without undue delay.
- Identify risks in the above and deal with any contingencies.

#### IDENTIFICATION AND DEVELOPMENT OF TIMING PERSONNEL NEEDS

- The competencies and abilities of the timekeepers are identified.
- Appropriate training programmes are identified to match individual requirements.

**GROUP 2 TIMEKEEPERS.** Take charge of events up to Club level.

**GROUP 3 TIMEKEEPERS.** Assistant to the Chief timekeeper at events.

**GROUP 4 TIMEKEEPERS.** Trainee, they are encouraged to assist more senior timekeepers.

**RACE RECORDERS.** Assist the timekeeper by recording the number of laps and finishing order including retirements of competitors at a race event.

The differing type of events licensed by the ACU means that the organising club must identify an event's timing needs, with the Chief Timekeeper.

#### TIMEKEEPER'S EXPENSES

Expenses are subject to agreement between the organising Club and the Chief Timekeeper prior to the event.

**TECHNICAL OFFICIAL GRADING**

- 1 INTERNATIONAL TECHNICAL STEWARD  
 2 SENIOR TECHNICAL OFFICIAL  
 3 TECHNICAL OFFICIAL

Also: **Technical Assistant(s)** acts in a supportive capacity to the Technical Team. May be appointed by the Senior Technical Official for the duration of an event, at any level of competition. Working under strict supervision.

**TECHNICAL OFFICIAL**

Authorised by the Permit Issuing Authority to form part of a Technical Control Team, applicants should have knowledge of motorcycle engineering practice, be familiar with the Technical Rules in the current ACU Handbook and the National Sporting Code and have attended a suitable training seminar. They may officiate at any discipline. They may take charge of a Closed to Club or Restricted meeting at disciplines for which they are trained, other than Road Racing related events. They must attend a training course every 3 years, which may be held on a regional basis. Minimum age 18 years.

**UPGRADING TO SENIOR TECHNICAL OFFICIAL**

The applicant must be able to demonstrate a need to upgrade (i.e. will be taking charge of a meeting within the following 12 months). The applicant should have assisted at a minimum of ten meetings in two years and attended a National Technical Official's Seminar as a Technical Official at ACU House, Rugby. Questions on relevant ACU and FIM Rules will be asked. Reference to handbooks will be permitted. An application for upgrading must be supported by the applicant's service record and recommendations as to suitability from

two International FIM Technical Stewards. Due account will be taken of any discipline specialisation.

The Technical Panel will consider fast track upgrade to Senior Technical Official status for candidates who are Chartered Engineers or have equal experience.

### SENIOR TECHNICAL OFFICIAL

Authorised by the Permit Issuing Authority to take charge of the Technical Control Team at events of National status and below, may also assist at higher status and take charge at lower status events. They are able to officiate at all disciplines or at disciplines as licensed. Persons holding this licence must attend a training course/seminar at ACU House, Rugby every 3 years.

This is the minimum qualification required to take charge at a road race related event.

### UPGRADING TO INTERNATIONAL TECHNICAL STEWARD (FIM)

The applicant must have attended Technical Steward Seminars, passed the FIM Examination and have attained a three year qualification. Must be an authorised ACU Measurer and Sound Inspector, and have demonstrated an ability to organise and control the Technical Control Team as an effective Manager, be able to report fully to an International Jury or Clerk of the Course and have an above average knowledge of General and Technical Regulations and of motorcycle engineering practice.

Must have been recommended by the Clerk of the Course at ten National meetings while acting as Senior Technical Official and by the International Technical Steward at five International meetings while acting as Deputy to the Chief Technical Official.

### INTERNATIONAL TECHNICAL STEWARD (FIM)

May take charge of the Technical Control Team at all International events and may also take charge or be a Team Member at any status event. They are by definition capable of officiating at all disciplines and at all levels.

### APPLICATIONS FOR RENEWAL OR UPGRADING

Shall be made to the Secretary of the ACU Technical Panel by 1st October each year. Applications must be accompanied by a recent passport photograph and the applicants service record. Downgrading or withholding of a Technical Official's licence may occur due to adverse reports, lack of Technical Duties in any one season or non attendances at a National Technical Officials Seminar within the last 3 years. All regrading will be at the absolute discretion of the Technical Panel.

## SOUND LEVEL TESTING

Sound Inspectors are licenced by the ACU.

## SOUND INSPECTORS

Will be considered "judges of fact" with regard to sound level test results and will report to the Clerk of the Course accordingly. Clerks of the Course should take all necessary action on being notified of excessive noise by a Sound Inspector.

# Sound level control

For 2014 two sound test methods will be employed.

- 1 The existing static RPM test
- 2 The FIM 2 Metre Max test.

Both tests are internationally approved.

## STATIC TEST METHOD

The sound level meter microphone to be placed 500mm from the exhaust pipe end, at an angle of 45 degrees measured from the exhaust centre line as near as possible to the height of the exhaust end, at least 20cm above the ground. During a sound level test, machines not equipped with a gear box neutral must be placed on a stand.

The driver shall keep his engine running out of gear and shall increase the engine speed until it reaches the specified RPM. Measurements must be taken when the specified RPM level is reached. The RPM depends upon the mean piston speed corresponding to the stroke of the engine (see the stroke/RPM table).

## 2 METRE MAX METHOD

The set up of the sound metre and the motorcycle.

The sound levels will be measured with the sound metre/microphone fixed on a tripod, in the horizontal position, at the rear of the motorcycle.

The sound metre will be positioned at a distance of 2 metres behind the motorcycle, with an angle of 45 degrees away from the centerline, on the exhaust side and at a height of 1.35m above the ground. The 2m distance is measured from the point where the center of the rear tyre touches the ground. The throttle is opened to maximum for no more than 1 second or before the rev limiter is reached.

It is preferred to make the tests on a soft ground, not reverberating, i.e grass or fine gravel.

The test should only be carried out after engines have been "warmed up" to operating temperature.

The ambient sound level must remain lower than 95–100 dBA.

There is no tolerance for temperature.

Whichever test method is in use temporary silencers, bypass pipes or the inclusion of temporary parts to achieve the silencing requirements are prohibited.

## FIM & ACU MAXIMUM SOUND LEVELS

See current Standing Regulations

## ROAD RACING AND TT SEE ROAD RACE STANDING REGULATIONS

No change to Sound tests, the existing Static RPM test will be used.

## MOTOCROSS

Two tests will be in operation.

- 1 The Static test method – For machines manufactured prior to 2010. It is envisaged that this will operate until the end of 2014.
- 2 The FIM 2 Metre Max Test – For machines post 2011.

## SOLO

- For machines 2013 and onwards – maximum sound limit 112dB/A (+2 dB/A before each race, +3 dB/A after the race) tested using the 2 Metre Max method. Type 1 and Type 2 meters.
- For 2010–2012 machines – maximum sound limit 115 dB/A (+1 dB/A type 1 meters and +2 dB/A type 2 meters) (Post race +1 dB/A for type 1 meters and +2 dB/A for type 2 meters) tested using the 2 Metre Max method.
- For machines pre 2010 – maximum limit 96 dB/A for 2 strokes and 94 dB/A for 4 strokes tested using the Static Test method. We envisage that this test will cease at the end of 2014 and the 2 Metre Max method will prevail.

## SIDECARS

Maximum sound limit for 2 stroke engines at 112 dB/A (+2 dB/A before the race, +3 dB/A after the race). For 4 stroke engines at 115 dB/A (+2 dB/A before the race, +3 dB/A after the race) tested using the 2 Meter Max method.

A further review to be made at the end of 2014.

**QUADS**

Maximum sound limit 115 dB/A (+1 dB/A type 1 meters and +2 dB/A type 2 meters) 116 dB/A +1 dB/A type 1 meters and + 2 dB/A type 2 meters after the race) tested using the 2 Metre Max method.

A further review to be made at the end of 2014.

**PROCEDURE**

All machines shall be sound tested using the 2 Metre Max method. Machines manufactured prior to 2010 that have a silencer that exceeds the maximum limit, the final acceptance will be defined by using the static test method and the limit will be according to the list.

96 dB/A for 2 strokes and 94 dB/A for 4 strokes. Operate according to the FIM method, that is, instead of using the machine piston stroke to calculate the test R.P.M., the fixed R.P.M. according to the capacity must be used, with the exception of over 500cc four strokes.

Up to 85cc	8,000 R.P.M.
Over 85cc up to 125cc	7,000 R.P.M.
Over 125cc up to 145cc	6,500 R.P.M.
Over 145cc up to 250cc	5,000 R.P.M.
Over 250cc up to 500cc	4,500 R.P.M.
Over 500cc	4,000 R.P.M.

There is no 2 stroke/4 stroke rev differential below 500cc. Due to the influence of temperatures on sound tests, all figures are correct at 20°C. For tests taken at temperatures below 10°C there will be a + 1 dB/A tolerance. For tests below 0°C, a + 2 dB/A tolerance.

There will be a + 2 dB/A tolerance allowed for post race sound tests.

**MACHINES POST 2011**

The FIM 2 Metre Max Test Method will be enforced as previously detailed.

The maximum sound limit accepted:

115 dB/A + 1 dB/A post race.

A sound level of 81 dB/A at 100 metres during racing should be attained.

**TRIALS & ENDURO****TRIALS**

Only the 2 Metre Max test method will be used as previously detailed.

The maximum sound limit accepted will be 100dB/A (+2 dB/A before the race, +3 dB/A after the race).

**ENDURO**

Only the 2 Metre Max test method will be used as previously detailed.

The maximum sound limit accepted will be 112 dB/A (+2 dB/A before the race, +3 dB/A after the race).

A sound limit of 79 dB/A at 100 metres.

**GRASS TRACK, LONG TRACK & BEACH RACE**

Both the FIM 2 Metre Max test and the static RPM test will be utilized as previously detailed and directed below.

**CLASSES****500cc Solo and Sidecar classes**

Machines to be fitted with the 2010 FIM homologated silencer. Ref TRS 2010.

Any machine using an alternative silencer will be subject to Sound Control using the FIM 2 Metre Max test method.

**250cc and 350cc Solo classes**

Can use either the 2010 FIM homologated silencer or a previously approved pre 2010 homologated silencer.

Any machine using an alternative silencer will be subject to Sound Control using the static RPM test. Maximum sound level 98 dB/A measured at 13 m/sec mean piston speed for two strokes machines or 11 m/sec for four stroke machines.

**Pre 75 and Upright Solos classes**

As for 250cc and 350cc classes as detailed above.

**1000cc Sidecar class**

Silencer construction is free.

Machines will be subject to sound control using a "Ride By" method with a maximum sound level of 85 dB/A.

If a rider disputes the results of the "Ride By" test the machine will be tested using the "2 Metre Max" method, see the Grass Track Rules 4.14.

**2 METRE MAX TEST**

The maximum sound limit accepted will be 115 dB/A (+2 dB/A before the race, +3 dB/A after the race).

A SOUND LIMIT of 81 dB/A at 100 metres.

**SPEEDWAY**

Maximum sound level using the 2M Max Test, 115 dB/A other than machines using FIM 2010 Homologated Silencers. A SOUND LEVEL OF 81 dB/A AT 100 METRES.

**GENERAL**

**STATIC RPM TEST**

The ambient sound level within a 5 metre radius from the machine being tested should be at least 10 dBA below the maximum level permitted for the discipline.

**FIM 2 METRE MAX TEST**

The ambient sound level within a radius of 10 metres of the machine being tested should not exceed 100 dBA.

**SOUND METRES**

Sound level meter minimum standard for enforcement are IEC 651 Type 2/BSI 5969 Grade 2.

**SOUND CONTROL – RPM FIGURES – APPLICATION**

13metres/sec – TWO STROKES i.e. Road Racing, and Grass Track where applicable.

11 metres/sec – FOUR STROKES i.e. Road Racing, Motocross and Grass Track where applicable and ALL Trials and Enduro machines (two and four stroke)

# Fuel regulations – National ACU

## PURPOSE OF REGULATION

The purpose of these Articles is to ensure that the fuel used in competition is unleaded 'pump petrol' as this term is generally understood. These detailed requirements are intended to achieve this purpose whilst allowing the use of consistent petrols for racing purposes. Any petrol which appears to have been formulated in order to subvert the purpose of this regulation will be deemed to be outside it. Lead replacement petrol (LRP) is not considered to be unleaded petrol.

## FUEL, FUEL/OIL MIXTURES

UNLEADED PETROL as defined by European Committee for Standardisation (CEN), EN 228 (2004) or BS EN 228 (British Standards BS7070) must be used for Road Racing (exceptions in Road Racing rules), Motocross, Trials, Enduro and some classes in Drag Racing, Sprint, and Track Racing. (See individual discipline rules). Unleaded petrol must comply with the ACU specification with the following characteristics:

### For: Road Racing, Trials, Enduro

Property	Units	Min.	Max.	Test Method
RON		95.0	102.0	ISO 5164
MON		85.0	90.0	ISO 5163
Oxygen	%m/m		2.7	ASTM D 5622 ASTM D 4815
Nitrogen	% m/m		0.2	ASTM D 4629
Benzene	% v/v		1.0	EN238

### For: Motocross and Track Racing

Property	Units	Min.	Max.	Test Method
RON		95.0	102.0	ISO 5164
MON		85.0	90.0	ISO 5163
Oxygen	%m/m		3.7	ASTM D 5622 ASTM D 4815
Nitrogen	% m/m		0.2	ASTM D 4629
Benzene	% v/v		1.0	EN238

And other characteristics according to the current ACU specification. Available from the Technical Secretary, ACU, Rugby.  
Any infringement of the fuel specifications

will automatically result in the exclusion of the competitor from the entire meeting. The result of the competitors' fuel sample analysis (A or B Sample) more favorable to the competitor will be taken into account.

## AIR

Only ambient air may be mixed with the fuel as an oxidant. Unless otherwise specified in Standing Regulations, fuel additives are not permitted.

## BIO-FUELS

E85 Bio-ethanol pump fuel may be used where specifically allowed by the sporting discipline Committee.

E85 Bio-ethanol fuel is defined by CWA 15293:2005 (automotive fuels, ethanol E85, requirements and test methods) standards and is a road legal, publicly available fuel.

## SAMPLING

Fuel samples may be taken, to ensure compliance with the ACU Fuel Regulations at any time or place during the course of an event.

- The Chief Technical Officer with the agreement of the Clerk of the Course may take or supervise the taking of up to 1.5 litres of fuel from any competition machine.
- Containers used must be clean and of a type certified suitable for holding petrol samples.
- Each sample taken must be divided into two and placed in separate 1 litre containers. (1 litre approximately in one and 0.5 litre approximately in the other). The containers must be sealed immediately and identified by reference to the machine from which the sample was taken. This information must be entered on a certificate which must certify the date, place and time of taking the sample and the seal numbers of both the 1 litre (the 'A' sample) and 0.5 litre (the 'B' sample) containers.
- Sample 'A' must remain in the control of the Chief Technical Officer for delivery to an ACU approved 'Fuel Test Laboratory'. Sample 'B' must be given to the rider or his authorised representative who must sign

the fuel sample certificate, acknowledging receipt.

- Samples taken for routine control must be tested for compliance with at least three of the characteristics listed – A fuel test result will be said to be ‘in compliance with’ or ‘not’ in compliance with the characteristics tested for.
- When fuel is tested for any other reason all characteristics listed must be proved.

### **FUEL TEST COSTS AND PENALTIES**

When following routine testing fuel found to be not in compliance with the ACU/FIM Fuel Regulations the competitor involved will be liable for the relevant testing costs.

When fuel is tested as a result of a protest the protest fee must be accompanied by a ‘Nominal Testing Charge’ of £600 and the losing party will be liable for all the testing costs. In the event of the protest being upheld the ‘Nominal Testing Charge’ will be returned. Any competitor who fails to provide a fuel sample when requested to, or whose fuel is found to be not in compliance with these regulations will:

- Have his/her licence suspended for a minimum period of six months of the ‘season’ March to October inclusive.
- Will be disqualified from the results.
- Will lose any championship points that may have been earned at the meeting.

# ACU approved protective helmets and visors

Helmets bearing any one of the undermentioned “standard” marks could be approved by the ACU if deemed to conform with certain additional criteria considered necessary for helmets used in motorcycle sport. Helmets so approved will carry the ACU transfer in gold or silver.

**British Standards Institution** BS 6658-A

**British Standards Institution** BS 6658-B

**UN ECE Regulation 22** ECE 22-05

**Snell Memorial Foundation** Snell (individual approval only) M2005 or M2010

**European Community** ECE 22-04

The only indication that a helmet is suitable for immediate use in motorcycle sport is the ACU gold or silver stamp firmly affixed. It is considered that any person selling a helmet for competition use as “ACU Approved” without an approval stamp firmly affixed is making a false trade description.

**YOUTH SPORT:** The choice of helmet type ‘full face’ (integral) or ‘open face’ with or without detachable chin guard, is at the discretion of the licence holder AND the parent or legal guardian of the licence holder. Great care must always be exercised in choosing a full face helmet for a young person, too large a size must not be selected in order to ease head entry or to allow for head growth. Packing must not be used to improve the fit of a helmet too large in original size.

**GOLD APPROVAL** The minimum standard for Road Racing, Sprints, Drag Racing, Hill Climb and any speed events held wholly or part on bound metallised surfaces.

**SILVER APPROVAL** The minimum standard for Motocross, Grass Track, Enduro, Speedway, Grass Hill Climb and all speed events held entirely off road.

## EXEMPTION

A rider or passenger from another Country

holding a licence endorsed by his/her FMN and carrying proof of insurance issued by his/her FMN, may wear a helmet without an ACU Approval Stamp but complying with FIM Art. 01.67 (displaying a recognised International Helmet Standard).

## HELMET MODIFICATIONS

Please note that any modification to a helmet structure immediately invalidates ACU approval. Any helmet modified by the cutting, drilling or puncturing of the shell in any way subsequent to its leaving the manufacturer, will be rejected at scrutineering and the ACU approval stamp must be removed.

## HELMET PAINTING

Painting of helmets of laminated composite construction (glass fibre, Kevlar etc.) is permitted. However, parts bonded on, such as the visor aperture surround or the energy absorbing lining must **not** be removed even by professional customisers. The removal of the visor pivots, vents and controls should only be done if attached by screws etc. “sprung in parts” should be carefully masked around before painting, as bonded items. Moulded plastic helmets of polycarbonate, ABS etc must **not** be painted.

Further information can be obtained from the ACU Technical Department, including names of professional customisers agreeing to conform to guidelines on helmet painting derived between the ACU and leading helmet manufacturers.

## HELMET SECURITY

Many helmets have a type of buckle (Double ‘D’ Ring or Sliding Bar) requiring strap tension to maintain security. Riders should be aware that strap slip can occur through this type of buckle even on new helmets, be sure to maintain some strap tension at all times.

Even during the relatively short period of a race, strap slip can be sufficient to increase the risk of helmet loss in the event of an accident. It

can be minimised by securing the flapping strap end by some means such as a rubber band.

**HELMET PROJECTIONS**

(Fins, stabilisers etc.)

Attachments to the shell surface exceeding 20mm height are not permitted in Road Racing.

**VISORS/GOGGLES**

For Road Racing, visors to the highest British Standards Institution grade of impact and abrasion resistance are recommended.

**HELMET STAMPING**

Helmets which are to be mailed for approval and stamping should be sent to: ACU, ACU House, Wood Street, Rugby, Warwickshire CV21 2YX. Tel: 01788 566400 A fee of £15.00 should also be enclosed which covers return post and packing charges. Helmets may be inspected and approved for use at a meeting and/or have a Sticker affixed by most International Technical Officials, from the helmet approvals list.

**TECHNICAL INSPECTION OF HELMETS**

The Senior Technical Officer of an event has the power to impound for the day, any helmet he considers is not in a fit condition to be used. He is authorised to remove the ACU approval sticker, which remains the property of the Auto Cycle Union. The helmet may be submitted for a second opinion to the Technical Secretary, but in any case may not be used without being re-checked.

Competitors with long hair – Long hair must be contained within the helmet or clothing.

**MOULDED PLASTIC HELMETS**

Many helmets with moulded plastic shells of thermo plastic material meet with ACU requirements and bear the Union’s mark of approval. However, it must be stressed that helmets manufactured from this material may be seriously damaged by substances such as petrol, paint, adhesives, cleaning agents and decorative stickers.

**HELMET STAMPS**

Helmets are examined at scrutineering in order to assess wear and tear, general deterioration and to ensure that an ACU Approval Stamp is displayed. The only stamp eligible for competition use, except trials is displayed below.

**TEN FITTING TESTS FOR HELMETS**

1. Obtain correct size by measuring the circumference of the head immediately above the eyes in cm.
2. Check there is no side to side movement.
3. Tighten strap securely.
4. With head forward attempt to pull up back of helmet to ensure helmet cannot be removed in this way.
5. Check ability to see clearly over shoulder.
6. Make sure nothing impedes your breathing in the helmet and never cover nose or mouth.
7. Never wind scarf around neck so that air is stopped from entering the helmet. Never wear a scarf under the retention strap.
8. Ensure that visor can be opened with one gloved hand.
9. Satisfy yourself that the back of your helmet is designed to protect your neck.
10. Always buy the best you can afford.

Make sure that the helmet has an ACU Approval Stamp affixed.

**Never buy from mail-order** unless you are satisfied with the above tests.

Do not hesitate to return the helmet unused if it does not fit you.

## Competition licence/Trial Registration

A Competition Licence (or Registration in the case of Trials) is required by every rider and passenger participating in any competition held under the National Sporting Code of the ACU.

It is the responsibility of the competitor, or in the case of minors the parent or legal guardian, to ensure that their licence is valid and issued for the correct class. The issuing of a licence does not guarantee an entry into, or acceptance into, any competition. All licences are valid from 1 January to 31 December of the year of issue. Licence fees are non-refundable.

Duplicate ACU licences can be obtained on request at a cost of £5.00. Duplicate FIM/FIME licences can be obtained through the ACU at the appropriate fee.

## One event licences

A One Event licence grants all the benefits of an annual licence for the duration of one named event only. The Supplementary Regulations for the event will state whether this type of licence can be used.

One Event licences are valid only for adult and youth riders in the undermentioned events:

- i) Motocross, Supermoto and Enduro events up to and including National Status.
- ii) Grass Track, Sprint, Drag and Hillclimb events below National Status.

**Note:** One Event licences are not issued for Trial or Road Race events.

A one event licence may be submitted with an application for an ACU competition licence within one calendar year of that one event licence having been purchased. It should be noted that only one One Event Licence can be used to offset the cost of an annual ACU competition licence.

## Associate membership

Associate Membership is available to any individual who does not hold a current Competition Licence/Registration. The annual fee of £10.00 allows the individual to enjoy a range of benefits and discounts that have been secured by the ACU for its members.

Benefits include significant discounts on a range of motorcycle related products as well as travel and accommodation. To view an up to date list of benefits please visit the ACU website. Associate members also receive free copies of the ACU magazine.

# ACU Benevolent Fund

## ADMINISTRATIVE COMMITTEE

For contact details please refer to the Committees and Panels section.

**R. Hanks** (Chairman)

**F. J. Henley**

**Mrs M. Carter JP** (Treasurer)

**Mr C. Pattison**

**R. Collins**

**Mrs J. Macphee**

**Mrs W. Evans MBE**

**R. W. Smith**

**Trustees:** Mrs M. Carter, R. Collins, Mrs W.

Evans MBE, R. Hanks, F. J. Henley, Mrs J.

Macphee, Mr C Pattison, Mr R. W. Smith.

It is first of all most essential to establish that the ACU Benevolent Fund is not a form of insurance. It is a registered charity that endeavors to give assistance to past and present members of the ACU including their family and dependants who are suffering financial hardship howsoever caused. No one has an automatic right to expect assistance.

Every competitor should be aware that due to the present limitations on accident insurance cover in respect of injuries it is now even more important to consider making alternative arrangements to provide their own personal cover in the event of an injury.

Areas the Ben Fund may be able to assist with is in the initial period when help is needed following an accident or injury prior to any state benefits being made available, also consideration will be given to help with travel costs when someone is hospitalised some distance from home.

Any request for help should be made via your own Benevolent Fund Officer as listed over the page or direct to the Ben Fund Secretary at the Rugby Office. A standard form will be supplied asking for certain details which should be completed and returned to either your local Ben Fund Officer or the Rugby Office, all requests for assistance received and any information given is completely confidential and will never be divulged to any other person or body.

The Trustees of the Fund will always give very sympathetic consideration to all requests for help. Our funds are however restricted and rely almost entirely on the generous financial help of our clubs, centres and other supporters,

without this we would not be in a position to carry out our work of giving help and support where needed. If the Benevolent Fund has been able to help you in the past why not contact your local club or centre and offer your assistance in helping to raise funds for the future.

The Trustees recognise and appreciate the generous support of the Auto Cycle Union.

During 2013 the Benevolent Fund, along with other charities, has seen voluntary donations continue to decline due to the economic situation. We have seen requests for help increase and in relation to donations we were only just breaking even. It has been possible to build up a small reserve over the past few years and this reserve is now being used to continue the work of helping those in need. However, reserves do not last forever, we therefore have to request that in order to continue to give help where needed we must find ways of increasing our donations. The ACU Benevolent Fund is not a HIGH PROFILE CHARITY, as our help is restricted to past and present members of the ACU and their families, it is therefore only right that the majority of our income is self generated as it has always been in the past.

To our many Centres, Clubs and general supporters that have been the backbone of our income in the past we give you our most sincere thanks, what we now have to ask is that in order to maintain our level of support to those in need, we need the help of those who have perhaps left it to others in the past. The families of those we help over the years are possibly members of your Centre or your Club please help us to continue helping them.

In the year ending 31st December 2013 the grants made will exceed £60,000.

To all our many supporters our sincere thanks for providing us with the means to continue our work.

# LASU

The ACU's Local Authority Support Unit (LASU) was launched in January 2005 with funding from Motorsport Development UK (MDUK). Its remit is to offer assistance to Local Authorities, Police Forces and other interested parties who are experiencing problems as a result of illegal off road motorcycling.

The main issues facing Local Authorities are the social disruption and safety concerns caused by the inappropriate and often illegal use of motorcycles in public areas. These problems have been exacerbated by the effects of increased popularity for the activity coupled with a lack of provision throughout the country. Local Authorities, Police Forces and communities are faced with two options to deal with the problem:

1. Police the issue away with enforcement
2. Organise well planned provision, with targeted enforcement

The first option, policing the issue, is often seen as the best solution but has, in the past, simply moved the problem elsewhere, only to see it return to a community over time.

LASU believes that providing a legal and safe place to ride with targeted enforcement is the best solution. By contacting LASU, Local Authorities and Police Forces have access to professional assistance to identify the type of problem, its size, nature and location as well as receiving help to create a workable solution.

For off road problems, LASU can provide assistance with the following issues:

- Feasibility Studies
- Land Access and Planning
- Course and Venue Design
- Insurance
- Environmental Issues
- Noise Monitoring and Testing
- Training of Officials, Marshals and Instructors
- Codes of Best Practice
- Creating Community Projects
- Practice Tracks

The mechanism LASU can deliver is extremely cost effective when compared to costs incurred by Local Authorities and Police Forces in enforcement. In addition, it provides young people with a chance to enjoy

their motorcycling environment, safe from prosecution and bike seizure.

For more information on Off Road Provision, please contact  
LASU Secretary: Debbie Walmsley Tel: 01788 566419 dw@acu.org.uk

# Training Department

The ACU Training Department is responsible for the training of anyone wishing to become an ACU Certified Instructor.

The Training Secretary maintains an up to date Register of all ACU Certified Sporting Instructors in all disciplines of motorcycle sport. She also manages the renewal process for instructors and the yearly seminars that all instructors must attend at least once every three years, in order to keep their Certification current.

## INSTRUCTOR TRAINING

The ACU Instructor Certification Programme is open to anyone who wishes to instruct sporting motorcycle skills.

The ACU Instructor Certification Programme delivers training and assessment that is mapped to National Coaching Standards, providing new and existing instructors with the fundamental skills needed in order to pass on their skills and knowledge to other riders.

The ACU has three categories of Instructor:

**ACU Club Instructor** – for anyone who wishes to instruct at club level, on a voluntary basis. Applicants must be competent riders, fully conversant with all appropriate riding skills for the discipline in which they wish to instruct. Applicants may be asked to undertake and pass a test of riding competency before instructor training commences. Training for this certification is FREE of charge for a member of an affiliated ACU Club (subject to approval from the Club/Centre) with an annual Instructor Certificate fee of £25.

**ACU Project Instructor** – for people who instruct for Local Authority or Community/Charitable Motorcycle Projects. Applicants must be competent riders, fully conversant with all appropriate riding skills for the discipline in which they wish to instruct. Applicants may be asked to undertake and pass a test of riding competency before instructor training commences. A subsidised charge is made for the training of this type of instructor and the annual Certificate fee is £35.

**ACU Commercial Instructor** – for anyone with background in motorcycle sport

who wish to provide instructing for a fee.

Applicants must be able to provide proof of a satisfactory standard of riding ability. A full list of acceptable minimum standards is included in the application paperwork.

Commercial instructors can also instruct at Club and Project level. The training of Commercial Instructors is charged at a commercial rate and the annual Certificate fee is £84 including VAT.

All instructors must undergo a DBS check (previously called a Criminal Records Bureau check).

## ACU REGISTERED TRAINING PROVIDERS

The ACU Training Department maintains a register of Training Providers who comply with our minimum standards,

To gain entry onto the Register, a training provider must:

- Use only instructors who hold a current and valid ACU Instructor Certificate
- Carry adequate Public Liability Insurance
- Publish and work to a training syllabus with identifiable outcomes and objectives

The ACU Register of Training Providers will enable anyone looking for training in motorcycle sport to identify appropriate schools which use properly qualified staff, working to a published syllabus.

The ACU Register of Training Providers is open to any training school which can satisfy the above requirements.

For more information on the ACU Training Department please contact Debbie Walmsley, Training Secretary on 01788 566419 or [dw@acu.org.uk](mailto:dw@acu.org.uk)

# LARA

LARA is the motoring organisations' Land Access and Recreation Association and acts as a national forum for the principal groups in countryside motor sport and recreation. LARA does not organise events or act as any sort of governing body, but it does assist its members in a wide range of land access issues: policy, practice and problems. If you want to know more about motor sport and recreation – how to take part, land access issues, planning problems, etc. – then either LARA or one of its member groups probably has the answers you seek.

You can contact LARA as shown below.

## THE DRIVERS' & RIDERS' COUNTRYSIDE CODE OF CONDUCT

1. Use only Vehicular Rights of Way – not all green roads have vehicular rights. LARA groups can help with information.
2. Keep to the defined track, and deviate only to pass immovable obstructions. Report obstructions, including low branches and very soft ground, to the highway authority. If the correct route is not obvious on the ground, ask local users, or check the details

held at highway authority and local record offices.

3. Travel at a quiet and unobtrusive pace, alone or in small groups. Remember that others seek to get away from bustle.
4. Ensure that you and your vehicle are fully road legal, and obey traffic and LARA signs. Green roads are subject to the same laws as surfaced roads. There is no public right to drive away from a road on common land, moorland, sand dunes, or beach.
5. Pay attention to 'the Four W's'
  - Weather** – Do not travel on green roads when they risk being damaged beyond a point of natural recovery when the weather improves.
  - Weight** – Do not use the roads which may be seriously damaged by the wheel pressure of your vehicle. LARA does not support use of heavy vehicles on green roads.
  - Width** – Do not use roads which are too narrow for your vehicle. Avoid damage to trees, hedges and boundaries.
  - Winches** – Only use when unavoidable. Always avoid damage to trees, walls, and surface while recovering.
6. Respect the life of the countryside. Be courteous to all other users, and take great care when passing horses. Be prepared to stop your engine if needed. Always fasten gates and take care near livestock.
7. Remember that wildlife faces many threats and green roads can be valuable habitats. Take special care in spring and early summer.

## THE ACU COMPETITIONS NOISE CHARTER

- a) Do ensure that your vehicle complies with the noise limits applicable to the event.
- b) Do not continue competing with a defective or damaged exhaust system. Remember that you will be excluded from an event if you continue in spite of an excessively noisy exhaust.
- c) Do not rev the engine needlessly in service areas, paddock, and start areas, etc.
- d) Do respect official instructions in respect of quiet zones.

**ENVIRONMENTAL POLLUTION**

- a) Do ensure that your vehicle is free from leaks of oil and other fluids which may not only present a hazard to yourself and others but also contaminate the countryside.
- b) Do not carelessly spill fluids nor discard used, broken components. Always properly dispose of all waste materials.
- c) Do not drop litter, take it home.

**RESPECT**

- a) Always respect officials and their instructions, they are for a purpose and your benefit.
- b) Do not be abusive towards officials this is bad manners and carries extreme penalties which might shorten your sporting career.
- c) Always respect other users and the public in general, however abusive or obstructive. Let the officials deal with such problems, and do not make them worse.

The ACU Regional Sporting Officers provide a local source of advice and information on all the above and represent both car and motorcycle interests. If you would like to assist the ACU in its fight to protect the rights of motorsport, by becoming a Regional Officer would you please forward your brief details to the ACU Office. Make no mistake, the full might of the environmental lobby is now being ranged against motorsport. Despite having organised responsible events for nigh-on 100 years our clubs are losing venues hand-over-fist through no fault of their own.

ACU needs more regional officers to help co-ordinate the fight back

# Land Use Advisory Service

Planning, conservation, rights of way, open access and noise are all potential problems which can affect and frequently have affected clubs staging off-road motorcycle sport at local or even national level. As a result, the Land Use Advice Service (LUAS) has been set up to help find satisfactory resolutions.

The ACU has introduced LUAS to help you with problems as they arise and – this is important – to work with clubs so that problems do not arise in the future. Every problem that arises is a learning experience, win or lose, and it is vital that we do learn and apply each lesson for the future.

The Land Use Advice Service is initially going to work with clubs in a number of ways:

A set of 'Guidance Notes' is now available on topics that regularly come up, such as the extent of the 14/28 day rule (concerning the need for planning permission), and how to set about getting local authority authorisation for trials on public rights of way.

To view the ACU Guidance Notes Synopsis visit the Land Use Advisory page on the ACU website

ACU Clubs and Centres may order copies of the Guidance Notes by contacting Debbie Walmsley at ACU House on 01788 566419 or by emailing [dw@acu.org.uk](mailto:dw@acu.org.uk) quoting the Guidance Note reference number.

There will also be a set of draft standard forms that clubs can use when applying to public authorities. LUAS also needs to hear from clubs about the areas and topics where they feel that help would be most useful.

LUAS will also help clubs with problems specific to sites and events. Email or telephone advice will be available when a problem arises, and each issue will be documented as a 'case file' at ACU Headquarters. This is very important as experience shows us that having the 'full story' – all the correspondence and the site's history – is crucial to a successful outcome, and once a particular problem is wrapped up, LUAS will look at it to see if there is a learning experience that should be written up as advice for the benefit of other ACU clubs. This is not more paperwork for its own sake: the level of official

control and intervention in all aspects of land use goes up and up, and motorcycle sport now, more than ever, has to work within the system.

The ACU has engaged Alan Kind, who also works on planning issues for LARA, as its specialist officer to provide both general and case-specific advice. Clubs with problems can certainly speak directly with Alan, but LUAS has to manage all its communications carefully, so initial contacts should be via Debbie, please.

LUAS is here to help the ACU's clubs, but it is not a one-way process – you cannot always ask for, and get, a packaged solution to your problems. Headquarters needs the clubs to work with LUAS so that, in the future, few if any problems arise and motorcycle sport is regarded as a good and welcome neighbour in the countryside.

If you have a problem, or just want to know more about any particular topic, then your first point of contact is Debbie Walmsley at ACU Headquarters (Tel: 01788 566419 or email: [dw@acu.org.uk](mailto:dw@acu.org.uk)).

# The Motor Vehicles (Off Road Events) Regulations 1995

## **DANGEROUS, CARELESS AND INCONSIDERATE RIDING – APPLIES NOT ONLY TO THE PUBLIC HIGHWAY.**

From 1 July 1992, the offences of dangerous, careless and inconsiderate driving of a mechanically propelled vehicle on the road (sections 1,2 & 3 of the 1998 Road Traffic Act as amended by the RTA 1991) have also applied to a Public Place. This change was driven by the absence of effective legislation to control illegal driving by underage drivers in public places which are not necessarily a public road.

This extension of road traffic law to public places had far reaching consequences for those who take part in or organise events involving motor vehicles in fields, parks or other areas where the general public is admitted either free of charge or on payment of entry fee. Consequently provision was made in the legislation in order that the legislation does not apply to those taking part in 'authorised' motoring events when driving in a public place other than a road, provided they are driving in accordance with the appropriate authorisation for the event. Consequently, in most instances it is anticipated that ACU licensed riders participating in ACU authorised events will have nothing to fear.

It is not illegal to organise or take part in an unauthorised motoring event in a public place, but drivers and riders should be aware that they are liable for prosecution if in doing so they drive dangerously or carelessly. It should be assumed that what may be regarded as fair competitive riding on a race circuit may be regarded as dangerous or careless in an unauthorised place.

Consequently, any rider who may be attracted to ride in any other events should ensure that the events are authorised in accordance with the Motor Vehicles (Off Road Events) Regulations 1995. The responsibility for ensuring that an event is authorised lies equally with riders and organisers.

The precise definition of 'event' or 'public place' cannot be given. Authorising Bodies have

to consider whether the event requires drivers/riders to drive/ride dangerously.

## **NAVIGATIONAL SCATTER EVENTS**

The Motor Vehicles (Competition and Trials) Regulations 1969 is specific legislation governing motoring events held on the public highway. The Road Traffic Act makes it illegal to race or trial of speed on the public highway, unless it is of a sort permitted by the 1969 legislation and authorised in accordance with it. It is legislation which makes it illegal to run a treasure hunt of more than 12 vehicles, unless a specific authorisation permit is obtained.

The authorisation procedures are quite involved and can be expensive to administer. However, a Navigational Scatter Event is considered to be automatically authorised so long as it conforms to these various conditions:

- Regulations/information sheet should clearly state the type of event, along with an estimate of the mileage likely to be covered.
- The places to be visited must be detailed to the competitors by way of points on a map, or on a list. However, there **MUST BE NO REQUIREMENT** for the control points to be visited in any specific order.
- Competitors should be given random choice of points to visit, and not be required to visit more than 75% of them.
- The control points should be safely positioned so that there is no danger to either riders or the general public. Paying special attention to traffic speed at, pull-off points, advanced signing, parking, number of riders that may be at any one control point at any time, access to private land, vicinity of house, noise levels, church service times, other events which may be taking place in villages on route at the same time (funerals, carnivals, garden fetes etc.).
- Competitors must be free to visit control points in any order.
- Riders should be obliged to get off their bikes to reach the actual control point.
- No form of timing should be employed

on the public highway sections, although a finish time may be specified providing it gives reasonable and adequate time to visit the required number of control points.

### **POLICE**

Although there is no requirement to notify the police, it is wise to do so by simply sending the police authority/ies through which your event runs, a copy of a publicity sheet, or event diary, highlighting the date and location of checkpoints, and mark it “for information only”.

### **INSURANCE**

Where any part of an event takes place in circumstances where the Road Traffic Act applies, i.e. in a public place, competitors must be covered by their own Motor Insurance Policy. Most organisers understand that if someone is injured or damage is done to property as a result of acting negligently an action for compensation may be brought against them. The ACU will provide a permit and insurance cover to clubs in order that officials and members may be safeguarded against legal liability as much as possible. If organisers don't currently carry cover, then please obtain details of the ACU's Clubs Insurance Scheme and make use of it.

# ACU Environmental Code

## 1. INTRODUCTION

The realisation that society is rapidly destroying natural resources and polluting the environment to meet its own needs has now spread from pressure group thinking to the mainstream. In particular, increasing attention is now being paid to the concept of sustainable development that meets the needs of the present generation, without compromising the ability of future generations, to meet their own needs.

All activities have an impact on the environment, through the resources they use, the processes they undertake, and the waste created. Pressures to change our way of operating are now being brought to bear on all types of sport and recreation.

The governing body of motorcycle sport, at both National and International level, has two objectives to achieve in developing an Environmental Code.

- i) To ensure that it manages our activities in a way that is sustainable within the environment.
- ii) To put itself in a position where it can demonstrate to Local and National Governments that it is a responsible member of the community, with both the ability and willingness to contribute to the protection of critical aspects of our environment.

## 2. GENERAL PRINCIPLES

- 2.1 Motorcycle activities fall clearly into three main categories: competitive sport, recreation, and transport.
- 2.2 Motorcycle sport is a major constituent of the International and National sporting calendars, attracting an ever-increasing audience and producing significant economic benefits. It is a sport that, like most other sports, and human activities in general, creates an impact on the environment.
- 2.3 Motorcycle riding, as a means of transport or recreation, continues to increase and, therefore, should also be looked at from an environmental point of view.
- 2.4 The ACU considers it to be of major

importance to develop a coherent environmental policy, taking into account the legislative and regulatory requirements of the United Kingdom, and the European Community.

- 2.5 The ACU environmental policy, as defined in this Code, is based on mutual respect for the needs of the environment and for the reasonable practices of motorcycling in general.
- 2.6 The ACU seeks to co-operate closely with all appropriate organisations in order to ensure that motorcycle activities are, at all times, environmentally acceptable.
- 2.7 The ACU shall adapt its Rules and Standing Regulations in order to give proper recognition to environmental matters and to the principles of the Code.
- 2.8 According to the above General Principles, this Code seeks to improve the relationship between motorcycling and the community at large. These main principles refer, in particular, to:
  - a) noise, fuel, protection of the ground, and cleaning issues;
  - b) behaviour of all persons, either directly or indirectly, involved in motorcycling.
- 2.9 The ACU will seek to establish, at all times, the appropriate environmental standards during the organisation of motorcycle events, at all levels, and will promote environmental consciousness.
- 2.10 In order to ensure that this Code is respected, the ACU has added environmental responsibilities to the duties of the Clerk of the Course.

## 3. ENVIRONMENTAL RESPONSIBILITIES

At each event the Clerk of the Course will be responsible for all environmental issues associated with that event. The Clerk of the Course can delegate the duties (but not the responsibilities) to another suitably qualified official (i.e. An official with a National Track Racing Clerk of the Course Licence can undertake the Environmental Duties at a National Motocross Event)

For International Championship Events,

these responsibilities must be undertaken by an official in possession of a current FIM Environmental Officials Licence as specified in the FIM Sporting Code.

The Clerk of the Course will:

- Ensure that the ACU Environmental Code is respected.
- Have access to all information relating to the event and must be able to, prior to, during, and after, the event, take appropriate action or make recommendations on all aspects of the event which may have environmental consequences.
- Report to the Stewards of the Meeting on environmental aspects of the event, and make recommendations to the Stewards or the Environment Panel on issues which may have future environmental consequences.

#### 4 SOUND

##### 4.1 MOTORCYCLES – INDIVIDUAL

- Avoid all unnecessary running of engines.
- The sound levels, in all disciplines, must comply with the particular discipline's Standing Regulations.
- The ACU maximum sound levels for all disciplines will be enforced, controlled by licensed officials with approved equipment. For details, which vary slightly between disciplines, refer to the sporting rules.

##### 4.2 MOTORCYCLES – COLLECTIVE

- Adequate consideration must be given to the siting of the course, and in particular the start areas, in relation to local residential properties.

##### 4.3 COMMUNICATION

- Separate address systems for riders' paddock and the public area are preferable.
- Position of loud-speakers: inclined towards the ground and directed towards the centre of the track or the course.
- Maintain the sound level as low as possible and ensure that sound levels do not exceed 85 dB/A in areas accessible to the public.
- A public address system can cause more annoyance outside the track than the actual sound of motorcycles. Make arrangements with the people in charge of the system to reduce the sound volume to an absolute minimum between races/practice sessions.

#### 5. FUEL

- It is a requirement that commercially available unleaded fuel, without additives, except oil for two stroke engines, is used.
- For Track Racing, the use of methanol is permitted.
- The use of alternative fuels which are more environmentally friendly, when sanctioned by the regulations, are permitted.
- Fuel tests are carried out according to the procedure laid down in the Technical Rules.
- Samples of the test are sent by the organisers of the event to a laboratory selected by the ACU.

#### 6. PROTECTION OF THE GROUND

- Measures must be taken to prevent discharges of fuel, oil, cleaning fluids, degreasants, cooling and brake fluids, etc. into the ground. For all off-road disciplines, competitors are required to use an environmental mat at all points where machines are serviced.

##### Specification of Environment Mat

**Dimensions** 160cm × 100cm

(Track Racing Solo – 160cm × 75cm)

**Absorption Capacity** Minimum One Litre

**Thickness** Minimum 5cm

- Environment mats must also be placed under mobile generators and oil/fuel storage facilities to avoid pollution of the ground.
- Containers/facilities to recover rubbish, oils, detergents, etc. must be provided by the organisers.
- Leave no long-term evidence of any activity.

#### 7. CLEANING OF MOTORCYCLES

- Cleaning of motorcycles can only be carried out at places designated by the organisers.
- No detergents are permitted.
- Cleaning facilities must be constructed and managed to avoid pollution of the ground.
- The requirements for cleaning facilities are described in the rules of the discipline concerned.

#### 8. ACTION TO BE TAKEN BY COMPETITORS

- Each competitor is responsible for the waste generated by his team during the event.
- Where organisers provide the necessary

containers for waste they must be used as directed.

- Waste must be retained by the team until the approved facilities provided by the organisers can be used.
- Where refuelling or servicing of a motorcycle is being undertaken at an off-road event, competitors must provide and use an environment mat to protect the ground. These mats must be removed by the competitor after use.
- Where organisers or competitors provide generators powered by petrol or diesel engines, they must be placed on an environment mat, and that mat must be removed by the user afterwards.
- Any infringement by the competitor of the ACU Environment Code can result in disciplinary action being taken.

**9. RECOMMENDATIONS FOR THE PUBLIC**

- Visitors to a motor sport circuit, track, rally or event can play an important role in keeping the environment clean and undamaged. Here are some suggestions:
- In co-operation with the police, select the routes to and from the venue which will cause as little annoyance as possible within the surrounding area.
- Provide clear signs to the venue, which must be removed within 24 hours of the end of the event.
- Do not allow parking on vulnerable areas (verges, green lanes, etc.), or where soil damage may occur (eg after heavy rain).
- Avoid concentrations of people in sensitive areas.
- Provide sufficient sanitary facilities and ensure secure/prompt treatment of effluent.
- Inform the public about responsible behaviour on the site.
- Specify, in contracts with catering firms, that all drinks and food packaging is to be removed from the site.

**10. RECOMMENDATIONS FOR ORGANISERS AND CIRCUIT/TRACK MANAGERS**

**10.1 ENVIRONMENTAL PROVISIONS**

- Make arrangements to prevent pollution of the ground in the rider’s paddock, on the

track, and within the surroundings.

- Look after the protection of verges along access roads, fence off (tape) vulnerable areas, to prevent indiscriminate parking.
- The facilities for training, racing, rallies, and the surrounding areas, must be protected as much as possible from pollution.
- Measures must be taken to prevent:
  - i) leakage of fuel, oil, cleaning fluids, degreasants, cooling and brake fluids, etc., into the ground.
  - ii) waste from participants, helpers, spectators and selling points not collected in waste-bins or containers and being left on the ground at the site. Sanitary facilities being connected improperly to the sewerage system.
  - iii) waste being collected and removed in an illegal way.
  - iv) ACU sound levels for motorcycles during the event (including practice) being exceeded.
  - vi) excessive sound levels at all motorcycle events.
  - vii) the composition of fuel not conforming to the ACU regulations.
  - viii) the maximum number of events and/or practising time being exceeded.

**10.2 EVENT ENVIRONMENT MANAGEMENT PLAN**

It is useful to use a plan for the management of the facilities, to stimulate an environment-minded behavior by the spectators and an environment-minded use of the facilities during events.

This plan must include at least the following points:

- a) An assessment of the environment impact of the event on the circuit and its surroundings, having regard to the number of competitors and the expected number of spectators.
- b) Cleaning area with high-pressure cleaners for motorcycles.
- c) Containers for used oil, brake fluids and cooling fluid or any other liquid.
- d) Containers for spectators general litter.
- e) Sanitary facilities/
- f) Judicious positioning of loud speakers.
- g) Provision of adequate and appropriate direction signs to the event.

- h) Provision of containers or waste bags in the pits of the mechanics area and collection of the contents during and after the event.

### 10.3 PUBLICITY AND ADVERTISING

- Place billboards and posters only after having obtained permission from the owner of the property, and the local highway authority if appropriate.
- Take Government regulations into account when positioning billboards.
- Do not distribute leaflets/pamphlets under windscreen-wipers of cars, on motorcycles, nor to spectators (do not allow others to do so during an event).

### 10.4 RIDER'S PADDOCK/RESTRICTED AREAS

- It is recommended that each participant is presented with a rubbish bag and instructions for use on arrival.
- Provide sufficient containers for the rubbish bags.
- Take care that there are enough containers for used oil. These containers must be marked "waste oil only" and have an opening sufficiently large to avoid spillage.
- Provide containers for oil filters and cleaning rags.
- Provide sufficient and clean sanitation, for all personnel, with proper provisions for collecting waste and water.
- Provide a special wash area in accordance with the appropriate discipline regulations for events where the cleaning of motorcycles is permitted.

### 10.5 AFTER THE EVENT

- Signposts, billboards and posters must be removed immediately after the event.
- Clear away tapes and markers around the event site.
- The event site must be returned to its original condition as soon as possible.
- Arrange for prompt removal of all waste and rubbish.
- At regular intervals make an evaluation of the event; correct any shortcomings and prevent future errors.
- Ensure soil/sand supplied by others be examined for possible pollution before it is used.
- Remove mud from public highways and remove direction signs etc.

## 11. RECOMMENDATIONS FOR ROAD USERS

### 11.1 RIDER CONDUCT

- Individual motorcyclists should develop riding habits to ensure full integration with other types of users.
- Ride safely and avoid aggressive and competitive riding.
- Save petrol and reduce pollution by avoiding unnecessary idling of engines.
- Ride politely and limit noise pollution by using your horn only in an emergency.
- Noise annoys. Use a legal exhaust system and keep audio systems at a low level.
- Use only routes which are legally available to motorcyclists.
- Ride responsibly at all times.
- Respect nature by not travelling on routes that risk being damaged beyond a point of natural recovery.
- Protect wildlife and its natural habitat by riding intelligently.
- Take responsibility for ensuring that your used oil, tyres, batteries and other recyclable items are properly disposed of.
- Encourage fuel efficiency and space economy by riding motorcycles instead of driving automobiles.

# Equal opportunities/sports equity policy statement

- The Auto-Cycle Union (ACU) aims to ensure that all people irrespective of their age, gender, disability, race, ethnic origin, creed, colour, social status or sexual orientation, have a genuine and equal opportunity to participate in motorcycle sport and leisure at all levels and in all roles. That is as a beginner, participant or competitor, and as a coach, manager, administrator, official or spectator.
- It is the aim of the ACU to ensure that all present and potential members/employees of the ACU receive equal and fair treatment.
- It is the aim of the ACU to provide all its services in a way which is fair to everyone.
- It is the aim of the ACU in its relationship with its members/employees and in its provision of services not to disadvantage any individual by imposing any conditions or requirements which cannot be fully justified.
- In pursuance of this policy the ACU may take special measures/positive action for any group which is currently under represented in its membership, representative bodies or workforce, taking account of the Race Relations Act (1976) and the Sex Discrimination Acts (1975, 1986).
- In pursuance of this policy the ACU reserves the right to discipline any members/employees of the ACU who practice any forms of discrimination on the grounds of a persons age, gender, disability, ethnic origin, creed, colour, social status or sexual orientation.
- The ACU will monitor and evaluate this policy on an ongoing basis and will inform the members/employees of its impact.

## **DISABILITY POLICY STATEMENT**

- The Auto-Cycle Union has a policy of encouraging and supporting the motorcycling ambitions of anyone with a disability making motorcycle sport an activity that is genuinely open to anyone who wishes to take part.
- The ACU has a framework of requirements and assessments to ensure that everyone can enjoy the sport, in whatever capacity and to whatever level they are capable.

# Insurance

The following policies have been arranged to protect Auto Cycle Union Ltd (ACU), ACU Events Ltd, ACU Events (Isle of Man) Ltd and Auto Cycle Union (ACU) and/or their affiliated clubs or any local Association or Organisation approved by the ACU and their Officials in addition to “signed-on” Competitors who are members of the ACU but only when an ACU permit or certificate of exemption has been issued for the event. An event can comprise Practice or Competition. The policies arranged by the ACU are:

- Public Liability for injury or damage to other people or property (see exclusions and limitations on the following page)
- Personal Accident to Officials
- Personal Accident to Competitors or Participants (Premier Cover only)

The benefits noted in this section only apply to events permitted by ACU Ltd, ACU Events Ltd or ACU Events (Isle of Man) Ltd. Riders and officials at events permitted by the Scottish ACU Ltd (SACU) are subject to the terms and conditions of the SACU insurance and should refer to the SACU for details.

The policies are arranged through Locktons Motor Sports Risks Services, Lockton International, 19 Spring Gardens, Manchester, M2 1FB. Tel: 0161 828 3300, Fax: 0161 828 3335, email: dawn.luby@uk.lockton.com and copies of them may be seen by arrangement with the General Secretary at ACU House, Wood Street, Rugby, Warwickshire, CV21 2YX.

A summary of Key Facts for Competitors and Officials appears later in this Section.

## **PUBLIC LIABILITY COVER**

Any person allegedly injuring another or damaging another person’s property may have an action for compensation brought against them. This is as true of motor sport activity as of any other and it is for this reason that the ACU has arranged Public Liability insurance to protect its Affiliated Clubs, Local Centres, Officials, Sponsors and others who are involved in organising or running ACU permitted events. For these potential legal liabilities to be covered under the ACU policy, the Organisers must

obtain an appropriate Permit or exemption from the ACU.

The indemnity limit for any one accident is £30 million under Premier cover and £10 million under Basic cover. The cost of defending Organisers and their Officials against allegations that might become the subject of indemnity under this insurance (including prosecution by the Health and Safety Executive) is also met by the Insurers subject to them taking over the conduct and control of any such defence.

The cover applies to associated activities necessary to an event such as setting up and dismantling a course.

Training days are covered subject to prior notification, approval of procedures and issue of a Training Permit, by the Training Department after payment of the appropriate fee. A per capita charge may be made for insurance cover provided.

Non motorcycling social events run by clubs affiliated to the ACU are included in the cover, i.e. club nights and the like.

The Policy extends to protect all persons appointed to act as an Official of any permitted event in respect of their third party liabilities arising from their official duties, subject to the terms, conditions and exclusions of the Policy.

Officials’ private vehicles, whilst being used by an Official in his official capacity as part of a permitted event, will, if damaged, be regarded by the Insurers as third party property and the ACU cover will apply subject to a £100 excess.

## **LANDOWNERS**

The ACU and its members need to retain the goodwill of Landowners so that land continues to be made available for events. For this reason the ACU policy indemnifies Landowners in respect of their potential legal liability to third parties following an accident in connection with a permitted event for which they have made available the use of their land. The indemnity protects them against being drawn in to a claim if there is an accident during the event and also indemnifies the Landowner if an allegation is made that cause of injury or damage was due to some defect in the Landowner’s premises. The

amount of Indemnity provided depends on the cover selected by the Organisers of the event.

Many Landowners expect that if an event results in damage to their property (for example a wall is knocked down) that the ACU or Organiser will indemnify the Landowner. The policy covers this type of incident subject to a £250 excess.

### **SPONSORS**

The policy extends to include indemnity to sponsors, should they get involved in a claim where they have become subject to litigation only due to the fact they were an event sponsor. If the sponsor has been negligent in their actions and caused injury to a third party or damage to any third party property then the ACU would pass the claim to the sponsor and their insurers.

### **CONTRACTUAL LIABILITY**

Contractual liability is the term used in insurance to indicate an obligation imposed in a contract which goes beyond the position that would exist otherwise under the law. Insurers customarily exclude such obligations because they do not wish to be bound by prior commitments made by their policyholders unless they have been given notice of the commitment and agreed to it.

It is not uncommon for Landowners making their land available for an event to make it a condition that damage will be made good. Thus the liability of the Organiser to the Landowner may not arise from common law because the Organiser has been negligent, or failed to exercise proper care, but purely as the result of the contract between the Landowner and the Organiser.

The ACU policy is extended within its normal limits to cover this situation, however for this to apply details of any correspondence, contract or agreement between the Organiser and the Landowner shall be advised to the ACU at the earliest opportunity and by the very latest date at which the permit is applied for in order to check if the obligations go beyond policy limits.

### **WHAT IS NOT COVERED**

It is important to understand what is not covered by the policy. The main points are:

#### **Participant to Participant Liability –**

Claims by one Competitor against another Competitor are not insured whilst competing in the permitted event. Competitor means rider, passenger, entrant or sponsor.

#### **Road Traffic Act Liability** i.e. Road risks.

Where any part of an event takes place in a public place riders are strongly recommended to confirm with their normal motor insurers that their participation in the event is covered. Without such a precaution it is possible that a rider could both be prosecuted and find themself personally liable for damages without insurance protection. The ACU can arrange short term RTA cover for an event where required and application should be made to ACU House by the Organiser when applying for the permit.

#### **Liability arising out of the use of Motor Vehicles loaned or hired to participants.**

**Damage or loss of property –** Either belonging to the Organiser, hired or held in the custody or control of the Organisation running the event. Note this exclusion also applies to motorcycles held in a Parc Ferme but can be varied on application with full details to Locktons Motorsports Risk Services.

#### **Borrowed/Hired Motor Vehicles or**

**Borrowed/Hire of Equipment –** It is possible that an Organiser may borrow/hire a vehicle (such as a tractor or JCB) or borrow/hire of equipment (such as fencing, or crowd barriers) to assist with the task of setting up or dismantling a course. The Organiser must ensure that the proposed use of the borrowed or hired vehicle is covered either by the owner's existing Insurer or by making alternative arrangements separately. Loss of or damage to property in the custody or control of the Organisers is excluded.

**It is a condition of the policies that ACU Codes, Regulations and Supplementary Regulations are observed and complied with. Failure to comply could prejudice the operation of the cover.**

**Unusual Activities –** If these involve any high hazard aspects such as freestyle jumping competition, firework displays or sports such as ballooning or bungee jumping, they should be referred to Locktons Motorsports Risk Services for approval.

**Aviation** – The policies do not provide cover in respect of risks arising from the movement of aircraft. If any ancillary attraction involves aircraft, details should be submitted to Locktons Motorsports Risk Services well in advance of the event. Where airfields are used for events, the airfield must be non-operational for the period of the meeting or details of the proposed location in relation to the “air side” activities at the aviation site submitted to Locktons Motorsports Risk Services for approval in advance.

**Excess** – The first £250 of each and every property damage claim.

### **PUBLIC LIABILITY – ACTION PRIOR TO THE EVENT AND IN THE EVENT OF ACCIDENT**

1. Prior to the event; so that Clubs may be certain that cover is operative for any event they undertake the following steps should be taken:
  - 1.1 Apply to the ACU for an appropriate permit or exemption certificate.
  - 1.2 Officials should be briefed prior to the event on risk assessment and procedure in the event of an accident.
  - 1.3 Consider if specific advice is needed from Locktons Motorsports Risk Services about the event e.g. – increased indemnity limit above £30 Million.
    - Attractions other than normal competition e.g. flight displays, ballooning, bungee jumping, free style displays, bouncy castles.
    - Contractual liabilities incurred to property owners or landlords.
    - Use of vehicles on public roads i.e. RTA cover.
    - Aviation activity on site.
 If there are any special exposures that fall outside normal competition as shown in this handbook and therefore are not covered by the standard ACU liability insurance, full details of the event should be made available to Locktons Motorsports Risk Services in good time for them to be able to respond on the implications for cover and cost.
2. In The Case of a Serious Accident or Incident involving a Competitor, Official, Spectator or Property contact:

Road Race Events: Eddie Nelson (07860 281094)

Off Road Events: Gary Thompson MBE BEM (07976 548375)

A serious incident, whilst not a full list, would include:

- Death of a rider, official or spectator
- A spectator is hit by a bike or other vehicle
- A rider, official or spectator is airlifted to hospital from the event
- Any spinal injury
- A serious head injury
- Any other catastrophic injury

- 2.1 Efforts must be made immediately to collect the names and address of witnesses, which together with an account of the accident by the Marshals/Observers and the provision of any photographs taken should be passed to the Clerk of the Course who will make the information available to the ACU Steward or send the information direct to ACU Head Office as soon as possible. All information regarding a Serious Incident should be sent to ACU Head Office within three days of the incident taking place.
- 2.2 A full report must also be provided within three days to Locktons Motorsports Risk Services (24 hours in the case of a fatality). Contact details are as follows:
  - Alex Braddish (07827 985033) – email: Alex.Braddish@uk.lockton.com
  - Dawn Luby (07775 574863) – email: Dawn.Luby@uk.lockton.com
- 2.3 Organisers should retain a full record of the event i.e. copy programme, Supplementary Regulations, final instructions, passes, scrutineer’s report and list of senior officials for a minimum period of four years, or until each competitor in the event has reached 21 years of age, whichever is the longer period.
- 2.4 A return must be made to Locktons Motorsports Risk Services of the details of injured parties, on the Incident/Accident report form provided, with brief details of the injury to each. If a fatal or serious accident occurs the original entry form must be retained for a period of four years to comply with the law. Any fatal or potentially fatal accident must be notified to Locktons Motorsports Risk Services and to

ACU House, preferably by telephone/fax or email, within 24 hours.

- 2.5 Changes to the Civil Justice System came into effect on 26th April 1999 which impact on the claims procedures. They are designed to improve pre-action contact between the two parties, lead to a better exchange of information and put both parties in a position to settle cases quickly and fairly. Following an incident, organisers may receive a letter from a solicitor which should take the form of two copies of a “letter before action”. Such letters should not be acknowledged but must immediately be sent to Locktons Motorsports Risk Services. Insurers will then have 21 days to acknowledge this letter followed by a period of 90 days to investigate the claim and make a decision on liability. Failure to meet these deadlines can result in judgement by default with the attendant adverse penalties and costs accruing to the defendant.

- 3.6 Organisers, competitors or officials who are involved in an accident will be defended by Solicitors chosen by ACU’s insurers. The costs of a club, competitor or official appointing their own Solicitor are not covered under the Master Policy.
- 3.7 Claim forms will be sent direct to competitors who request them from Locktons Motorsports Risk Services.

**MEDICAL MALPRACTICE INSURANCE**

The Master policy is automatically extended to provide medical malpractice cover for volunteer paramedics registered with the (HPC) Health Professions Council. Cover also applies to qualified nurses registered with the (RCN) Royal College of Nursing, medical assistants and event officials at ACU permitted events. The limit of indemnity is £10m in the aggregate for each period of 12 months. Cover is subject to an excess of £250 each and every claim.

### **INSURANCE POLICY SUMMARY – KEY FACTS FOR COMPETITORS (PREMIER PERMITTED EVENTS ONLY)**

This policy summary provides important information about the Public Liability and Personal Accident Insurance. This applies each time you are eligible to compete in any ACU permitted event or event for which a certificate of exemption has been issued or run in accordance with the International Sporting Code of the FIM. These are not the full terms and conditions. The full terms and conditions can be found in the insurance policy a copy of which can be viewed on application to the ACU's Company Secretary at ACU House, Wood Street, Rugby. The insurance is governed by English Law.

**Making a Claim:** To make a claim please contact Locktons Motorsports Risk Services on 0121 232 4597. In the case of an out of hours emergency please see above for the contact details for major incidents.

**Complaints:** If you are not satisfied with the service you receive from us you should contact in the first instance the Complaints Officer, Locktons Motor Sports Risks Services, Lockton International, 19 Spring Gardens, Manchester, M2 1FB. Tel: 0161 828 3300, Fax: 0161 828 3335.

If we are unable to satisfactorily resolve your problem you may be eligible for the Financial Ombudsman Service.

### **PERSONAL ACCIDENT TO RIDERS AND PASSENGERS WHO ARE MEMBERS OF THE ACU**

#### **(A) Optional Arrangements**

The ACU Policy only provides a foundation under Premier cover and competitors requiring more than this limited cover can obtain additional benefits by paying a seasonal premium to the ACU. Full details and premiums charged are available from ACU or Locktons Motorsports Risk Services.

#### **(B) Below International Motorcycle Union of Ireland (MCUI) Permitted Events**

The ACU's Personal Accident to Riders and Passengers Master Policy may be extended in respect of authorised participation. All Competitors should

contact the ACU prior to entry/departure.

**Note:** Competitors without appropriate insurance or authorisation may not be allowed to compete.

#### **(C) Youth Events**

Locktons Motorsports Risk Services are able to provide seasonal event Personal Accident Insurance, at competitive rates, to meet the specific needs of youth competitors.

#### **(D) Minors**

IT IS MOST IMPORTANT that any injury to a minor (under 18 years of age) reported on an accident report form should clearly indicate the age of the injured person.

#### **(E) Events with Foreign Competitors**

It should be noted that only ACU and SACU registered members or licence holders are covered by the ACU's Premier Personal Accident Policy. No cover applies to events run under Basic insurance. Holders of licences issued by other FMNs are required to make their own arrangements.

Please note that the scale of benefits is that specified by the ACU to apply to ACU licence holders competing in Events within ACU territory. (Article 110.2 of the FIM Sporting Code).

### **PERSONAL ACCIDENT INSURANCE FOR OFFICIALS**

The ACU has effected a Personal Accident Insurance policies (Premier and Basic) all of which provide benefits on the scale below to officials acting at ACU permitted meetings who suffer injury. The cover applies to associated activities necessary to an event such as, setting up and dismantling a course and travelling to and from the event. The ACU will consider sympathetically the provision of counselling where appropriate.

### **TABLE OF BENEFITS**

The benefits under the Personal Accident policies are either payable for death, loss of Limb(s) and/or Eye(s) OR Permanent Total Disablement OR Temporary Total Disablement (this applies to Officials only). Officials who are unemployed receive weekly benefit only whilst hospitalised or housebound. Compensation is payable in accordance with the following table

of benefits in Respect of an accident resulting in

1. Death.
2. Loss of or loss of use of two limbs or the sight of two eyes or the loss of use of one limb and one eye, the loss of or loss of use of a limb or the sight of an eye.
3. Permanent Total Disablement.
4. Temporary Total Disablement.
5. Fracture.
6. Dislocation.
7. Physiotherapy.
8. Hospitalisation.

**Note:** Repatriation costs are not covered.

**COMPETITION OUTSIDE OF THE UK**

When competing abroad it is a condition of the FIM/FIME Sporting Code that the Rider’s own Federation – in our case the ACU – ensures that riders are insured for stated benefits. This requirement offers some safeguards to the event organiser in the event of having to deal with injured or incapacitated competitors, as well as offering some level of security to competitors.

**FIM INSURANCE COVER**

Locktons Motorsports Risk Services have arranged on behalf of ACU Licence Holders a benefit package for riders competing in overseas events. Full details of cover and premium rates are available upon request from the ACU Rugby.

Your entry form must be sent via the ACU office at Rugby for endorsement for each event. It is advised that the entry form and insurance premium for each event should be sent to ACU House at least six weeks prior to the event.

ACU House requires a minimum of seven days notice in order to process your insurance and start permission document. Any requests

not giving seven days notice may be surcharged £10 plus any costs of post, fax or telephone.

You must obtain an insurance document for each overseas event in which you ride, unless you take out a Full Seasonal Policy, which covers you for the whole year. The issuing of these documents does not guarantee an entry into, or acceptance into, any competition. The onus of eligibility remains the sole responsibility of the competitor.

A copy of your competition licence, insurance documents and start permission should be presented to the event organiser. In some cases you may also be asked to produce your driving licence.

Speedway competitors riding abroad must obtain an ‘Authority to Ride Abroad’ form from the ACU. This is to be signed by the competitor, the competitor’s promoter, and the BSPA and forwarded to the ACU with all the relevant papers to obtain start permission.

**NOTES:**

- i) Youth Competitors should note the maximum payable on Death is limited to £7,500 by UK Statute.
- ii) If any rider intends to claim that he already has private personal accident insurance cover in place, which is equivalent to the FIM and FIME basic requirements, and wishes to contract out of the ACU arrangements, the rider must submit such private policies, with the current renewal receipt or confirmation, to the ACU at least 21 days before endorsement of his entry is required.
- iii) Riders are reminded that FIM/FIME/ACU Cover is NOT travel insurance. It covers

Benefit	1	2	3	4	5	6	7	8
Officials age over 16	£65,000	£65,000	£65,000	£150 per week (Max. 104 weeks)	£2,500	£1,000	£500	£2,000 following hospitalisation of 2 weeks or more
Officials age 14 to 16 In full time education	£7,500	£20,000	£20,000	£75 per week for home tuition & care fees	£2,500	£1,000	£500	£2,000 following hospitalisation of 2 weeks or more

- the Competitor for the benefits listed only during official practice or competition.
- iv) All applicants for FIM/FIME International Licences must hold a current medical certificate.
- v) FIM Cover comes with 24 hour International Emergency Medical assistance (World Wide), and includes pre-travel advice, injury or illness consultation or second opinion facility and emergency message relay.

### **CHECKLIST OF ESSENTIAL DOCUMENTS TO TAKE WITH YOU WHEN COMPETING ABROAD**

- ACU/FIME/FIM Competition licence of appropriate grade. (See ACU Competition Licence Application Form).
- Necessary competition insurance – according to the ACU/FIM scales.
- A current European Health Insurance Card for each member of the team in order to receive reciprocal health benefits in most countries.

**We strongly recommend that full travel insurance is arranged for your trip, in addition to FIM Insurance cover which only provides protection during the event itself.**

### **OTHER RECOMMENDED DOCUMENTATION**

- Passport with Visa if appropriate.
- Driver's licence.
- International Driving Permit (IDP) – where necessary (from AA or RAC).
- Bail Bond – where necessary (from AA or RAC).
- Vehicle insurance documentation for all vehicles. Check with your insurance broker, as requirements vary from company to company. Green Cards are not a requirement for all insurers when travel is confined to the European Union and many insurance certificates now feature statements in other languages. Some insurers require only to be notified and will issue a standard accident report form.
- Vehicle registration documents – V5 or VE103 or letter of authority if you do not own the vehicle.
- Travel Insurance – including medical and repatriation cover where not otherwise arranged.

- Competitors, who travel with assistants, or as part of a team, should not overlook their needs including travel insurance.
- International identification plate (GB) for vehicles.

### **OPTIONAL INSURANCE**

In addition to the Personal Accident scheme already explained there are other schemes available to Clubs and Competitors, details of which can be obtained from Locktons Motorsports Risk Services.

### **ACU ROAD TRAFFIC ACT INSURANCE SCHEME**

If any event takes place on the public highway, event regulations should indicate this. It is the responsibility of competitors to ensure that they are Insured accordingly. Organisers may wish to make provision for those riders whose own Motor Cycle Insurance does not extend to cover them whilst their vehicle is being used in competition.

Organisers of National Trials and National Enduro events do not need to apply for cover, as it will be automatically activated upon issue of the permit. Cover for Non-National events should be applied for on the relevant form, available from Centres.

### **CLUBS**

Now that public liability cover for ACU affiliated Clubs' social events is included in the ACU Master Liability Policy you may like Locktons Motorsports Risk Services to review your present cover.

Locktons Motorsports Risk Services has a scheme providing for the general insurances often needed by Clubs. Under this scheme buildings and contents, trophies, equipment, public and employers liability covers are available to complement the cover provided by the issue of an ACU permit.

### **ACCIDENTAL DAMAGE TO MACHINES**

Locktons Motorsports Risk Services have arranged a scheme to cover accidental damage, fire and theft (other than when being ridden) for off-road competition machines.

An increasing number of foreign riders now compete in events run under ACU permits and this is to be encouraged, however serious problems can arise when a Rider is injured far from home and requires Repatriation. Traditionally this is provided by the Competitor’s home FMN along with Personal Accident Insurance and Medical expenses to FIM levels. Evidence of such cover is contained in a “Start Permission” document provided by the Competitor’s home FMN and is inspected by the Secretary of the Meeting at “sign-on” before the rider is allowed to compete. Times change and it is evident that with increasing freedom of movement between European Countries many riders do not obtain insurance or a “Start Permission” from their home FMN before setting out for events run in England or Wales. Thus they are often uninsured and place a severe burden on the organising Club. A further point worthy of note is that Competitors with full FIM cover do not bring with them any Liability insurance to deal with an accident in the paddock, an “off” into the crowd or any other injury or damage caused through negligence, neither do they provide any PA benefits for Officials. This cover is of course provided by the ACU’s insurers but it is only right that Foreign riders pay their share of the premium in the same way as ACU Members.

**For avoidance of doubt, Foreign riders are Competitors affiliated to MCUI or any other FMN (except SACU) who do not hold an ACU Competition Licence or an ACU Trials Registration. Where a Foreign Rider takes part in an ACU permitted event the following guidelines apply:**

1. Road Race, Drag, Sprint, Hill Climb, Supermoto and Grass Track: Competitors **with** a valid competition licence **and** a

“Start Permission” from their home FMN or evidence of FIM insurance cover pay £3.00 per day for liability and PA benefits for Officials. Note: Competitors’ PA benefits and Repatriation expenses are not covered.

2. Road Race, Drag, Sprint and Hill Climb, Supermoto and Grass Track: Competitors **without** a valid competition licence issued from their home FMN and evidence of FIM level insurance cover are not allowed to compete without specific authorisation from the relevant discipline department.
3. Other events: Competitors **in possession of** a “Start Permission” from their home FMN or evidence of approved FIM insurance cover, pay £3.00 per day for liability and PA benefits for Officials.
4. Other events: Competitors from other member countries of the FIME competing in an ACU permitted event who are not in possession of a Start Permission must purchase insurance at a cost of £85.00. This sum comprises:  
 £10.00 one event licence in lieu of an ACU competition licence  
 £75.00 Personal Accident and Repatriation insurance for the competitor

**Notes:**

- (i) Repatriation is restricted to member countries of the FIME. Applications should be made to Locktons Motorsports Risk Services for countries outside the FIME.

## ACTIONS TO BE TAKEN BY SENIOR OFFICIALS FOLLOWING AN INCIDENT INVOLVING SERIOUS INJURY TO A COMPETITOR, OFFICIAL OR A SPECTATOR

### A full investigation is required in the event of the following:

Fatalities, loss of sight or limb/s, paralysis, serious head injuries, potential fatality any spinal injury, a spectator being hit by a bike or other vehicle and any incident where a rider, official or spectator is airlifted from the event. (It is the responsibility of the Steward/Clerk of the Course to use experience/common sense and to also telephone one of the numbers below)

### Telephone:

In the event of a major incident telephone

- 1) Road Racing – Dr Paul King (07767 635420), Rowena Perks (07805 898584)
- 2) Off Road Events – Gary Thompson MBE BEM (07976 548375)
- 3) Advise ACU as soon as possible

### Immediate information gathering for insurer by the Steward/Clerk of the Course/ Organiser/Venue Operator

- Photograph Scene
- Impound vehicles
- Obtain witnesses' names, addresses and telephone numbers
- Seek and obtain video and photographic evidence from any source. Be cautious if asking spectators.

### Information to be forwarded to Governing Body/Insurer

- Steward's Report
- Marshal/Observer Reports
- Any other witnesses' reports
- Medical Log/Report
- Scrutineer's Report
- Racing/Radio Log
- Signing on sheet
- Risk Assessment

### Forward to Insurer:

- Documents provided by Steward/Organiser as listed
  - Event Regulations
  - Event Final and Supplementary Instructions
  - Event Programme
    - Track Plan
    - Copy of Permit

**MEDICAL SERVICES – TERMINOLOGY**

**Medical Officer (MO)** – Doctor A medical practitioner (doctor), who holds both full registration and a licence to practice from the General Medical Council (GMC). A doctor should also NOT be subject to working in a GMC Approved Practice Setting (APS). They should also hold personal medical malpractice cover, appropriate for pre-hospital immediate care. NHS Crown Indemnity is not applicable.

**Paramedic (PM)** A State Registered Paramedic with the HPC (Health Professions Council).

If a paramedic is present at an event as an individual volunteer (being paid expenses) and not present in a commercial capacity, then they are indemnified for Medical Malpractice under the ACU's insurance policy. This concession also applies to Junior Doctors with full GMC registration (Not GP's or Consultants).

**Ambulance** A vehicle registered as an ambulance with the DVLA (Driver and vehicle Licensing Agency) or similar government licensing authority and complying with FIM minimum equipment regulations for a type C vehicle; that is:

- Medical: A stretcher (preferably standardised), oxygen supply, apparatus to immobilise limbs and vertebral column. First aid medicaments and materials.
- Technical: Radio communication. Visible and audible signals.
- Staffing: An ambulance must be staffed by 2 First Aid Personnel who can be the two minimum First Aid Personnel required at an event.

An ambulance may act as a Medical Centre **but** if so it must be a vehicle additional to the minimum ambulance requirement.

**First Aid Personnel** A person holding a current certificate of First Aid competency.

**GENERAL**

For each motorcycle sporting discipline, the individual 'minimum medical requirements' are listed in the Handbook within their own sections under the heading 'Medical Services'. This is because, understandably, the minimum medical requirements vary between the types of motorcycle sport.

The points listed below, where relevant to a discipline, will apply to ALL competitive

motorcycle sports and the wording will be the same for all:

1. If only one Ambulance is listed as the minimum requirement at an event Organisers are reminded that if it has to leave the event all practising and racing must stop until its return or replacement. It is incumbent therefore on organisers of events to remember their commitment and duty of care to competitors in ensuring that sufficient medical services for the type of event, dictated by a risk assessment of the expected number of injuries, are in place prior to the start of practising and racing and remain in place until the event has completely finished.
2. When medical cover is required at an event, the Doctors and Paramedics should have available resuscitation drugs conforming to Resuscitation Council Guidelines and a supply of parenteral and oral analgesics. Organisers should ensure that such systems, equipment and supplies are available at the venue by discussion with their medical provider. Any further drugs and equipment that may be deemed to be appropriate by way of specialist expertise are the responsibility of the individual doctor.
3. Auxiliary vehicles, such as 4x4 with a stretcher, cannot replace an Ambulance but such vehicles might, at certain event sites, be used in addition to and as the final form of transportation to the Ambulance for the event.
4. If there is a requirement for first aid personnel to be present then they can be the two crew members of an Ambulance, assuming that one is present as a minimum requirement, but they must be available for all the practices and races. Such first aid personnel are an additional requirement to any doctors or paramedics required to be present at the meeting.
5. If there is a requirement for full first aid equipment, including a stretcher, then this can be the same equipment as that defined in the minimum equipment requirements for an Ambulance.
6. If the minimal medical cover required is for only one doctor or only one paramedic to be present then, if the only one available has

to leave, for whatever reason, the practices or races must stop until their return or replacement.

7. If a doctor is required at an event then they must be on site. It is not sufficient to have the name and address of a distant doctor, who would or might be available if required.
8. The nearest hospital, with an Accident & Emergency Department, must be notified in writing of the time, date and place of the meeting.
9. If a doctor is involved in the treatment of competitors or spectators at an event, they should not normally be involved with drug or alcohol testing of competitors.
10. If a medical centre is available at a circuit or the site of an event then it should be fully operational and independently staffed. If deemed acceptable, an Ambulance or similar unit may act as a medical centre but if so, it must be additional to the minimum Ambulance requirements.
11. If no MO or PM is required at an event then at least one of the two ~Ambulance crew must be qualified as an IHCD Emergency Technician (EMT) or the Voluntary Aid Society (VAS) equivalent, rather than just a first aid person.
12. If a competitor is involved in an incident involving potential injury, but is not, at the time, taken to Hospital for further treatment, then a relative, or a member of their crew, should be given a copy of the medical assessment or Ambulance report form completed by the event medical personnel following the incident.

# Requirements for safety precautions at all events held under an ACU permit

It should be generally realised that the organisers of speed events have a legal responsibility to the general public and therefore it is the duty of these organisers to ensure that all reasonable precautions are taken to protect the public.

Whilst organising clubs are insured under the Promoters Third Party Policy in respect of their legal liability, it is a condition of the policy that the promoters of an event must comply strictly with the National Sporting Code and any additional requirements as may be specified by the Permanent Course Licence or Temporary Course Certificate.

Clubs failing to do so stand in grave danger of any claims being repudiated to the club by the insurers under the terms of the policy covering legal liability.

The safety precautions to be adopted are provided with the Permanent Course Licence or Temporary Course Certificate for the particular course but the following general requirements must be observed.

The attention of organisers is drawn to the provision of the NSC which stipulates that no alteration of the requirements contained in the Permanent Course Licence or Temporary Course Certificate shall be made without the prior approval, in writing, of the ACU.

It is recognised that circumstances may arise in which it is necessary to make certain alterations to the course on the day of the meeting but any such alterations must be approved by the Stewards of the Meeting and details given in their report to the authority granting the permit.

## WARNING & PROHIBITION NOTICES

The following requirements regarding the display of notices are applicable to all speed events.

### WARNING NOTICE (A) (29 × 20 INCHES.)

Warning notices as detailed opposite must be displayed on each side of every entrance to the course, including the entrance to car parks and paddock.

These notices, mounted on stakes, must be prominently displayed and with the top of the notice at least 4ft. from the ground and where they can be easily read by the public before any admission charge is paid, or where no admission charge is made before entry is gained into the circuit.

Where it is not possible to define the limits of the site and to control admission of the public (e.g. War Department and heath land) warning notices must be profusely displayed around the course and also in the car parks. These notices must be mounted on stakes, and the top of the notices must be at least 4ft. from the ground.

## **NOTICE WARNING TO THE PUBLIC MOTOR SPORT CAN BE DANGEROUS**

Despite the organisers taking all reasonable precautions, unavoidable accidents can happen. Please comply with all instructions of marshals and notices and remain in permitted areas only.

**THEY ARE CONCERNED WITH  
YOUR SAFETY**

**WARNING NOTICE (A2) (29 × 17 INCHES.)**

Warning notices as detailed opposite must be displayed on each side of every entrance to the course, including the entrance to car parks and paddock.

These notices, mounted on stakes, must be prominently displayed and with the top of the notice at least 4ft. from the ground and where they can be easily read by the public before any admission charge is paid, or where no admission charge is made before entry is gained into the circuit.

**Where it is not possible to define the limits of the site and to control admission of the public (e.g. War Department and health land) warning notices must be profusely displayed around the course and also in the car parks. These notices must be mounted on stakes, and the top of the notices must be at least 4ft. from the ground.**

**PROHIBITED AREA NOTICE (B)  
(29 × 20 INCHES.)**

Areas where the public are not permitted must be clearly defined by the display of an adequate number of "Prohibited Area" notices mounted on stakes. These notices must also be displayed in the prohibited area between the "double roping" and facing the public. Warning Notice (A) should also be erected in these areas but they must be used in addition and not in place of Prohibited Area Notice (B). Notices should be displayed within the prohibited area, facing the public and mounted on stakes or fixed to the inner fencing.

**WARNING NOTICE (C) (20 × 15 INCHES.)**

Those parts of the course to which the public may be admitted and where it is neither practical nor necessary to erect a rope barrier, e.g. those parts of the course which are straight and are only used by the public to reach other parts of the course, may be indicated by the erection of the special type of Warning Notice (C). These notices mounted on stakes with the top of the notices at least 4ft above ground level should be displayed at least 30ft from the course. It is recommended that the limit of these areas should also be defined by a boundary tape affixed to the stakes supporting the notices.

**DECLARATION – ADMISSION TICKETS, PASSES, ARMLETS, ETC.**

Subject to the provision of the Sunday Observance Act 1780, no person may be allowed to any part of the circuit without a suitable pass or ticket. All tickets and passes must bear the following wording shown below in full and if the wording appears on the reverse side then the words “ For Conditions of Admission See Over” must be clearly printed on the face thereof. Where a ticket is cancelled by being torn in half, the full wording and, where applicable, the “For conditions of admission see over” must appear on each half.

Where a charge is made for admission into special or “reserved” enclosures a ticket bearing the approved declaration must be issued in exchange for payment to enter these enclosures.

All vehicle passes must bear the same wording and comply with the above requirements.

**WARNING**  
**MOTOR SPORT CAN BE DANGEROUS**

Despite the organisers taking all reasonable precautions, unavoidable accidents can happen. Please comply with all instructions of marshals and notices and remain in permitted areas only.

**THEY ARE CONCERNED WITH YOUR SAFETY**

**OFFICIAL PROGRAMME**

The declaration as outlined above should be printed in full on the outside front cover of all Official Programmes. Where this is not possible it must be printed in full in the programme and the words “For conditions of admission see inside” printed on the outside cover.

**SIGNING ON**

All riders, passengers, officials and assistants, press and team crew must sign a declaration on the relevant signing on form (available from the ACU).

**AGE LIMITS FOR OFFICIALS & ASSISTANTS**

All event Executive and Administrative Officials shall be 18 years of age or over.

**Marshals:** All Assistant Officials whose function is to be carried out at the immediate track-side must be at least 16 years of age with the exception of marshals who are in membership of a recognised corps of cadets/scouts/other discipline groups who must be at least 14 years of age.

**Trials Observers:** Trials Observers must be at least 12 years of age.

**Parental Agreement and responsible**

**Persons:** All Assistant Officials who are under 18 years of age must have obtained parental agreement to carry out the duty and the signing-on signature must be countersigned by someone who is responsible for the official at the event.

**General:** When using the services of minors (persons under 18 years of age) for any official duties at any event special attention must be given to any risks which may be associated with the duty, and to the previous experience of the official.

**MANDATORY SIGNING FOR PUBLIC SAFETY AT MOTORCYCLE ENDUROS**

This signing should be the responsibility of the Safety Officer. It should be erected and removed as a separate task from the route marking itself.

The aims are to advise other users of the countryside that the event is taking place, to reduce the prospect of conflicts and complaints, to add to the event’s safety precautions.

Unless spectators are to be catered for, the signs should not ‘advertise’ the event. However each should be carefully positioned to be clearly visible to those members of the public (or competitors and marshals) for whom its message is intended. The notional plan opposite shows where the signs should be located but every venue requires the exercise of local knowledge and experience.

**Note: use of signs F or G does not enable a footpath, bridleway or byway to be incorporated in a timed special stage.**

These signs may be obtained from:  
 Mr V. Madeley, Greenfields, Ceri, Newtown,

# National plan of signing for public safety at motorcycle enduros

This signing should be the responsibility of the Safety Officer.

The aims are to

- advise other users of the countryside that the event is taking place.
- reduce the prospect of conflicts and complaints.
- add to the event's safety precautions.

Unless spectators are to be catered for, the signs should not advertise the event.

Each should be carefully positioned to be clearly visible to those members of the public or competitors or marshals, for whom its message is intended.

Every venue requires the exercise of local knowledge and experience.

Signs should be erected and removed as a separate task from the route marking itself.

**Note:** Use of signs F and G does not enable a footpath, bridleway or byway to be incorporated in a timed special stage.

**TRAVELLING MARSHALS**

These are a vital part of the safety and smooth running of Enduros and their importance should not be underestimated however they have a responsibility to the Organisers and Riders and as such this should be outlined to any Travelling Marshals before they commence with their duties.

Areas to be highlighted to Travelling Marshals should be:

- Do not ride against the direction of the Course whilst Off Road
- Be prepared to act if you come across an injured rider – contact medical staff/ Organisers, ensure the Rider is safe from other Riders (place bike as a barrier/divert route).
- Make sure any Riders with broken down machines are safe and shown/taken out of the Forestry.
- Repair/replace any route marking tape as required.
- Ensure any gates you are charged with are closed after the event.

Organisers should ensure Travelling Marshals are:

- Signed On
- Adequately briefed
- Have contact details of the Organisers for emergencies
- Advise the Organisers when they have finished their duties
- Are wearing suitable protective clothing including helmets on Motorcycles and Quads
