2019 - Eyesight Report

To your Doctor or Optician

Please read these notes before filling in this section for the applicant whose name is on the bottom of the form.
The minimum corrected visual acuity must be 6/6 with both eyes open together. The minimum binocular field should measure at least 120 degrees along the horizontal meridian with no defects within the central 20 degrees. This should be a simple confrontation visual field examination rather than automated perimetry testing. The applicant, for any event except Trials, must have normal colour vision in that they can distinguish the primary colours red and green.
