

# 2019 Championship & National Enduro Dates

BRITISH TIMECARD ENDURO CHAMPIONSHIP

BRITISH S/C ENDURO CHAMPIONSHIP

ACU CLASSIC ENDURO CHAMPIONSHIP

In order to confirm the 2019 National and Championship Enduro dates as soon as possible and to improve the standard of the Championships, the Trials and Enduro Committee would like potential Organisers to complete the enclosed application form.

## **Please read the following to understand why we need the information**

**Dates** - we require your preferred date and any optional dates. If you have no optional dates please tell us but do not be disappointed if we cannot give you a round of a Championship you asked for. Likewise if you cannot give us any options please do not tell us after we announce the Championships that we could have run on a different date etc.

Please note that once Championship dates have been confirmed they cannot be moved. We appreciate that the unexpected can happen such as weather and land availability problems, but people have planned ahead for the announced dates and our policy is to maintain these dates. If you have to withdraw from a Championship date we do try to offer the date to other organisers to maintain the announced Championship dates

**Details of Championship Event** - Each year we endeavour to raise the standard of events and Championships however with new applications and old events having changes of management, we would like some idea of what you are planning e.g. start venue, type of course, facilities available, etc.

***NB. For next year there is a requirement for all organisers to use the ACU online entry system and to provide an entry size of at least 150, this is in order to prevent similar entry problems to those we experienced in 2018.***

**Points of Contacts** – We are finding more often that we are not getting rule changes and important information to the people actually running the events and this is why we are asking for two points of contact. Ideally this is the Secretary and the Clerk of the Course. However we realise that sometimes Clerk of the Courses are imported/borrowed as they have a National licence and the Secretary is enlisted as they are a competitor's wife/mother/husband hence we need to contact the driving forces behind the event. **Please reply to [mary@acu.org.uk](mailto:mary@acu.org.uk) by the 17<sup>th</sup> Sept 2018**

## **2018 Date Application**

Organiser (Club/centre etc) .....

Name of event .....

Championship or National Enduro ( Including Inter Centre Team Enduro )you are applying for
